WELCOME TO IMG

Welcome to the 2019/20 edition of IMG's Travel Resource Guide, one of the most widely recognized publications for motor coach transportation.

IMG, an invitation-only organization of motor coach companies is today, 54 companies strong – covering both the United States and North America. The Travel Resource Guide is a wonderful planning tool, easy to use and contains the information that you need to know about your transportation provider. IMG companies are a trusted source of excellence in transportation and customer service.

When planning, there are many transportation providers, and it is not simply price that should dictate your choice of supplier. What stands behind the vehicle, those unseen commitments to customer safety, should always be a consideration in your purchase decision. IMG companies take pride in offering you much more than just a modern vehicle, they offer:

- Commitment to driving training – to ensure the best possible skills when travelling in all conditions
- Commitment to safety practices and continuing education – ensuring you travel in the safest possible manner
- Fully integrated facilities – that offer extensive mechanical and operational support
- Excellence in customer service – from the time of booking to the time travel is completed
- Provide an extensive North American network – added value and confidence when at times additional support is required.

Setting the Standards, are more than just words to IMG companies; they reflect a true and measurable commitment to their customers. Additionally, IMG has their own set of Standards and Qualifications, which companies must adhere to – adding yet another layer of confidence when choosing an IMG company. We ask you to consider IMG next time you plan and truly look at the company who you will be travelling with.

The IMG network is a private organization, that continues to expand in North America, and we reach out globally through our partnership in the Global Passenger Network. With confidence you can look beyond North America for your transportation needs.

We look forward to working with you into the future! From family reunions, team transfers to sporting events, wedding parties, escorted tours to convention transportation... these are just some of the many ways IMG can help you.

Bronwyn Wilson
President

IMG is the leading motorcoach network in North America dedicated to providing premier ground transportation through elevated standards of performance.

IMG members have an uncompromising commitment to high standards in the areas of safety, maintenance, customer service, driver training, equipment, operations and on-road support. IMG members support unconditionally an extensive network in the form of on road support from coast to coast and member to member services. IMG is dedicated to delivering this excellence to each and every client.

The IMG Advantage

IMG offers clients several strategic advantages:

Performance

- The ability to connect clients with elite motorcoach operators throughout the United States and Canada
- Industry-leading maintenance, safety and driver training program

Excellence

- Excellent customer service
- The assurance that all members reach IMG's high standards of qualifications and performance.

Confidence

- The value, reputation and confidence from the combined strength of the network
- The security from the network of on-road support

The IMG network, is a private, invitation-only organization of primarily family owned companies, who proudly operate to a Code of Excellence, that sets IMG companies apart.

IMG companies **exhibit the highest level of professionalism, quality, safety, and service** to our customers, travel partners, other IMG member companies and to our industry.

IMG companies continue to preserve a long and sustained **history of excellence and industry leadership.**

IMG companies **guarantee their willingness and responsibility to assist and support** fellow IMG member companies.

IMG companies demonstrate their desire to **continually advance IMG as the leading group** of motor coach operators in North America.

As an IMG company, each individual member company, **maintains a proven service record** and shares in the collective ideals of:

- Excellence in operating standards, including maintenance, driver education and safety training.

- Customer service excellence from point of sale, to delivery of product
- Unconditional support of the IMG on road network as needed to provide seamless customer product delivery

All IMG companies must have maintenance facilities with a **24 hour a day, 7 days a week, on call mechanic and dispatch contact** – offering complete customer assurance and network support.

In addition, **all IMG companies have the mandated Federal and State/Province requirements** that include:

- A fleet of vehicles that complies with all state/provincial and federal regulations and licenses.
- Maintain the **highest** Department of Transportation rating of **“satisfactory”** and complies with all government mandated safety regulations and thresholds.
- Have \$5 million or more in liability insurance.

WE ENCOURAGE TRAVELERS TO COMPARE WHEN LOOKING FOR YOUR TRANSPORTATION PROVIDER, AS IMG COMPANIES ARE COMMITTED TO A *CODE OF EXCELLENCE* THAT SETS THEM APART.

Chartering a Motor Coach with Confidence

Planning a trip by motor coach is easy when you choose an IMG Operator. Start with determining who will be traveling, what their interests are, desirable destinations, and what the budget is per person. Add any special needs your group may have to the list and have it ready when you speak with your IMG professional. Remember, if you're planning an extended tour, start 6-12 months before departure; a short tour, 4-6 months in advance; and, a Day Trip or Overnight Tour, three months in advance. Below are questions that you should ask your IMG Operator to help you plan your motor coach charter with confidence.

1. Does the company have a motor coach to suit your needs?

- Ask about amenities and the size of the vehicle.
- Ask about Department of Transportation, State, and Provincial Inspection ratings.
- Who maintains the vehicles?
- Ask for references and to inspect the vehicle and the service area.
- Does the vehicle have amenities that your client requires such as Wifi, and electrical outlets?
- Ensure you understand Drivers Hours of Service

2. Safety & Time Management

- Discuss potential route, to ensure the most suitable roads are used.
- Ask about safety procedures, i.e. seat belts while travelling.
- Does the company have a drug/alcohol-testing program?

3. Develop the Itinerary

- Ask for recommendations for tour, dining and hotel options.
- Create an unhurried itinerary that reflects the needs of your group.
- Ask about special seasonal packages.
- Include other modes of transportation such as air, rail or water.
- Develop reservation and cancellation terms and deadlines.

4. Staff Concerns

- What are the standards of driver safety training?
- What are the responsibilities of the tour director and the driver?
- Who is responsible for the driver's accommodations?

Be aware that IMG Operators have been in business a minimum of five years, maintain a fleet of safe, clean, quality vehicles, possess excellent federal, state and provincial ratings, have facilities and equipment available for customer inspection, have active drug/alcohol testing, safety training, and preventative maintenance programs, and must meet other stringent requirements before becoming a member of IMG. You charter with confidence when you select an IMG Operator.

See our website and learn more about IMG and our members at www.imgcoach.com

7000⁺ VEHICLES STRONG

As a network of over 7000 vehicles, IMG member companies offer every customer the assurance of a seamless and safe trip. Whether just a local tour, or across North America, IMG can draw upon the resources of the network to assist our customers. Look for the Certified Member logo - this sets an IMG company apart - and gives you, our customers, additional confidence.

ABOUT COMPANY:

Charter Bus Lines is the largest privately-owned motorcoach operator in British Columbia and we celebrated our 65th Anniversary in 2014. We feel that success comes from giving our employees the tools to do the job properly, including excellent equipment, thorough training, and the support systems required to sustain the operation. Customer service at the driver level is the strength of our success, both in the industrial market and the highly competitive and demanding tour market. All of our clients rely on us to provide their customers with outstanding service. As a result, a customer-service attitude permeates all aspects of our operation.

ABOUT OUR COMPANY :
Free Enterprise was founded in 1976 as an extension of our family transportation operation that has a longevity that is truly rare. We began our work, back in 1915, hauling mail for the United States Postal Service, and have been running continuous and uninterrupted service ever since. At Free Enterprise we never settle for just "good enough". This is why we believe that "anything else is just a bus ride". It's always been our mission to exceed expectations by maintaining consistent and superior levels of service that cannot be matched. By doing this, we offer your group an excellence that will guarantee that each trip you take with Free Enterprise is a great one.

ABOUT COMPANY:

Founded in 1898 by Pete Karst, Karst Stage is Montana's premier operator. In 1981, Jerry and Cathleen Perkins bought and incorporated the business as Karst Stage, Inc. From the first rickety wagons tied together with baling wire in 1898, to large taxis in the 1950s, to passenger motor coaches in the 80's, Karst Stage continues to provide premier transportation solutions to the community and visitors of Montana as well as the western United States.

W: http://www.faniani-coaches.com

Faniani Coaches team is passionate about their work. We offer modern, high quality coaches, buses, minibuses or vans. Our drivers are qualified and experienced, speaking English, Slovenian, German and Croatian. Faniani Coaches can arrange transportation in Slovenia and in any other European country. Since we own more than 70 coaches, buses or minibuses and we have our depots at Ljubljana (Slovenia), Frankfurt (Germany), Prague (Czech Republic), Rome (Italy), Paris (France), London (England), we are capable to travel and transfer customers all around Europe. There is no problem for us if the tour starts in London and ends in Amsterdam, precisely because of our bus availability and multiple depots in Europa.

Every year we aim for more and every year we strive to satisfy the travel needs of more and more customers. Our clients come from India, China, Singapore, Taiwan, Saudi Arabia, Korea, Malaysia, Emirates, Argentina, Mexico, USA, Brazil and many other European countries.

Prasanna Purple Mobility Solutions Private Limited

Coach Fleet: More than 1200 vehicles

Contact: JAYAJIT DEY | Business Head India - GPN

T: +91 9958966772

E: jayajit@prasannapurple.com

W: www.prasannapurple.com

Prasanna Purple, a three decade old company in India offers multimodal mobility services across pan India with 1200 plus buses and coaches. The group is committed to offer safe, reliable and quality services to its customers. The City transport vertical in association with government partnerships carries 240 million passengers while Inter-City bus service vertical carries over 1.5 million passengers per annum respectively. Prasanna Purple is one of the fastest growing private mobility business entity in the mass public transit services in India. Prasanna Purple offers Hop On Hop Off city tour and customized inbound tourism services for tourist to India.

INTERNATIONAL TRAVEL ... a European note.

There are many things to think about when planning your next group experience with an IMG shareholder company or one of our international partners. Our number one priority is to transport your group safely to and from its destination. With this in mind, we want to provide you with valuable information regarding driver hours of service that you should take into consideration when mapping out your itinerary abroad. Please also note that prices for motorcoach service have been greatly affected by the new laws adopted by the European Union.

As of March 15, 2006, the European Union regulations for driver hours underwent some changes regarding driving time, weekly driving limits, and rest periods. Here is a summary of the new regulations:

- Daily Driving Time – 9 hours, extendable to no more than 10, twice per week.
- Weekly Limit – 56 hours/Maximum 90 hours per two-week period.
- Weekly Rest – 45 hours rest required after no more than 6 X 24 hour periods after the previous weekly rest. This can be reduced to a 24 hour rest (minimum) within a maximum two week period.
- Daily Rest – 11 hours, reducible to 9 hours (reduced daily rest) but no more than 3 times per week.
- Rest Period in the Working Day – Maximum of 4.5 hours driving, then a 45 minute break, or a 15 minute break, followed by a 30 minute break at the 4.5 hour mark.
- Daily "Spread Over" – Max of 15 hours (24 maximum between two rest periods minus max permitted reduced daily rest of 9 hours but no more than three times per week) or 13 hours (24 maximum minus 11 hours rest).

What does this mean for tour groups and travellers to Europe? Safety with a cost. Just like they do in the United States and Canada, these new regulations are impacting the cost of providing transportation. And, while price may be a major factor in purchasing transportation, buyer beware! A low bid should be scrutinized to ensure compliance with the new laws. Failure to comply on the part of the coach operator will directly impact your group.

If you have questions about the new regulations or other issues related to international travel, give us a call or drop us an e-mail so we can make your travel experience a very positive one.
